Subject: Transition Request-- due Friday COB

All,

As we prepare the e-briefing site for a new audience – new appointees arriving the afternoon of January 20 – we want to make sure that all of the information in the Issue Papers and other components of the site are up-to-date and accurate. We ask that you please send all updates to my team by COB Friday, January 13.

Issue Papers – Please ask your Transition Coordinator to work with staff in your office/region to review all issue papers on which you were the lead and make updates as needed. Please check all milestones and dates especially.

External Meetings – Please review the list of external meetings and let us know if any should be

added, edited or deleted.

Near Term Decisions -- Please review the list of near term decisions and let us know if any should be added, edited or deleted.

Regulatory Agenda – We will be providing the new appointees with information taken directly from ADP Tracker. Please ensure that ADP Tracker has accurate information about dates for actions planned for signature in the first 60 days of the new Administration. A recent report from ADP Tracker is attached for your reference (**please ask your staff to make any needed corrections directly in the ADP Tracker database**). Corrections could include revised signature dates, and, just as importantly, addition of any actions that are not on the attached list but are planned for signature within the first 60 days.

Please have your transition coordinator send any updates/edits to the OP Transition Team contact they have been working with throughout this process by COB Friday, January 13.

Please also ensure that information in the ADP Tracker is updated by COB Friday, January 13.

Thank you!

Shannon
